

ZeaForce

LUTEIN + ZEAXANTHIN

ZeaForce
ONE CAPSULE DAILY
FOR GOOD EYESIGHT
food supplement
30 capsules • 510 mg

INDICATIONS: ZeaForce is a combination of very effective antioxidants that help protect your eyes. Helps protect cells against oxidative stress, supports visual acuity and maintains eye health and function.

ACTION: Each component in ZeaForce composition plays an important role for the good eyesight.

Bilberries are a well-known source of antioxidants, providing natural protection against free radicals and antioxidant support for the eyes. Bilberries extract improves ocular blood circulation and supports blood flow at eye level. Through the action of antioxidant and venous support, bilberries support eye health and function, as well as visual clarity and retinal function. Fruit of bilberries helps to stabilize collagen formation in the eyes. Vitamin C, vitamin E and zinc contribute to the protection of cells against oxidative stress.

The need for vitamin C increases with aging, as well as for smokers, people who consume alcohol, people with certain diseases, and others. Vitamin C contributes to the regeneration of the reduced form of vitamin E. Zinc helps maintain good vision.

Effect:

- **Supports the visual functions;**
- **Improves the visual acuity;**
- **Helps to maintain the eyes activity at the environment influence** – UV radiation from the sun, artificial lighting, computer and TV screens radiations etc.

LICAPS™ ENCAPSULATION TECHNOLOGY

ZeaForce is produced in France as per LICAPS™ patented technology for liquid extracts filled in hard gelatin capsules. This process eliminates the heat treatment of the active substance and thus allows preserving its useful properties to the maximum extent and guarantees its fast and complete absorption by the organism.

LICAPS™ gelatin capsules are:

LACTOSE FREE; PRESERVATIVE FREE; GLUTEN FREE; SUGAR FREE; GMO FREE.

LIQUID FORMULATION BENEFITS OVER POWDER

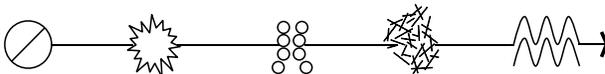

ZeaForce liquid in LICAPS™ capsules

POWDER IN CAPSULES

TABLETS

ACTION

LICAPS™ capsule releases ingredients very rapidly.

In comparison to solid delivery forms like tablets the ingredients in LICAPS™ capsule are released very rapidly because they are already dissolved. The dissolution of LICAPS™ capsule is always constant.*
